Community Meeting Called in Heights

The ONLY NEWSPAPER Reaching EVERY HOME In The GREATER UPLAND Area

UPLAND The News

SIXTY-EIGHTH YEAR -- Number 14 UPLAND, CALIFORNIA 10c Copy 2 Sections 12 Pages Thursday, June 21, 1962

Residents of San Antonio Heights have called a community meeting for 7:30 p.m., Thursday, June 21, to discuss the protesting of a liquor license being granted to Mont Vista Lodge.

They expect to determine the possibility of taking the case to the District Court of Appeals and have until about July 1 to file the appeal.

According to a spokesman, all residents of the Heights and interested parties are invited to the meeting to be held at the First Baptist Church of San Antonio Heights.

The controversy and litigation dates back to more than a year ago when Martin Koss, owner of Mont Vista Lodge, 2426 N. Euclid Ave., filed an application for the transfer of an on-sale liquor license.

The original application was denied by the Department of Alcoholic Beverage Control on the grounds that the lodge is located in the immediate vicinity of the church and that the lodge was in a residential area and would interfer with the "quiet enjoyment of their homes by the residents of the area."

Koss petitioned for a hearing which was held in August, 1961, and the hearing officer reversed the original decision and granted the license.

More protests followed led by Pastor Kenneth Mayes of the Heights Church and a Heights resident, T.C. Beiseker which led to oral argument before the ABC Chief Counsel last November.

After a review of the case, the Appeals Board of the ABC supported the original denial and accused the ABC of abusing discretion. The license was again denied.

In the meantime, Senator Stanford Shaw wrote to the ABC requesting an immediate investigation of the circumstances surrounding the issuance of the license and the County Board of Supervisors passed a resolution protesting the granting of the license to Mont Vista Lodge.

Koss appealed again and the case was taken to Superior Court last April. This latest decision, again granting the license to the lodge, was signed by Judge Carl B. Hilliard.

Koss who purchased the lodge April 15, 1961, advertises the premises as "The Catskills of California" and features all-star shows, dining, dancing, swimming, sports, pan tables and children's counselors.

At the present time he cannot sell liquor on the premises and therefore, some guests bring their own or drive approximately two miles to the nearest licensed location.

Koss was not available for comment on his plans should the people of the Heights make a new apoeal.

RICHARD RILEY, principal of Upland Elementary School, admires his scrapbook of "Dear Mr. Riley" pictures and letters made especially for him by students and presented by the PTA when he was named Upland Elementary's "Man of the Year."

In an original script, he was knighted as "Sir Smiley - Prince-a-pal."

'Man Of Year' Award To Richard Riley

Upland Elementary's "Man of the Year" was named Thursday, June 14, when the PTA executive board held its annual teacher's luncheon in the school cafeteria.

In an original script by Mrs. J.J. Leman and PTA President Mrs. Henry Brune, entitled "The Knighthood of Smiley Riley", Principal Richard Riley was described in words the students of grades 1-6 used in letters written to him without his knowledge.

The Kindergarten classes drew pictures of him and each one pictured him with a big smile.

A native of Council Hill, Okla., Riley attended elementary school there and Bacone Jr. College in Muskogee, Okla.

He served in the infantry during World War II and spent 17 months in France and Germany.

He returned to Kansas University where he received his BA in 1948 and his MA in 1949. His post graduate work in administration was taken at Los Angeles State where he received a life diploma for teaching in California.

He and his family moved to Upland nine years ago. The Riley family now includes his wife, Georgia, Randy 11, Brenda 9, Robbie 7, and Russell 5. They reside at 321 N. Second Ave.

His teaching career began in Lorrence, Kan. He taught at Upland Junior High and Elementary before becoming principal in the fall of 1956.

An active and thorough man, Riley has served on the Girl Scout board, Cub Scout board, First Baptist Church of San Antonio Heights board and was chairman for the past year of the Men's participation for the Foothill Council PTA. He is also active in Little League.

Not an active man in sports in school, he has given inspiration and pointers to all the students at school. He not only joins in their games but acts as referee or umpire when needed.

As one youngster said in his letter to him - "you always ended our trouble with a chit chat about baseball and gave me pointers on the position I played."

A scrapbook with the "Dear Mr. Riley" letters was presented after he had been knighted "Sir Smiley - Prince-a-pal."

Council Splits On Methods For Future City Development

Twice in Tuesday night's City Council session, councilmen voted 3-2 on proposals related to the future development of Upland. Each time it was Councilmen James Christensen and 'Max' Hawkins on one side and Mayor Haldeman, Councilmen William Kistinger and Bob Marriott on the other.

The first split came on the vote for a General Plan amendment as set out in a Planning Commission resolution to consider modification of land use objectives in the city's northwest sector, chiefly between Foothill Blvd. and 20th St. and west of Euclid Ave.

Planners resolved to include at least four areas for eventual commercial development on Mountain Ave. at Foothill, 16th St. and 20th St. and another at Foothill and San Antonio.

With this land use modification, planners suggested that the area east of Benson between Foothill and 16th be modified as a light industrial zone and zoning along Foothill for apartments.

The Planning Commission believes that the commercial areas should be set up under Conditional Use Permits rather than rezoning. This idea caused the chief disagreement among the councilmen.

Kistinger told the council that he was for removing all CUP's on commercial zoning except where absolutely necessary.

"We're after revenue as well as a well-planned community," Kistinger said, "and we should remove this Conditional Use Permit restriction."

Marriott agreed and said that CUP's would jeopardize the development of the city.

Kistinger also objected to the Planning Commission's suggestions because "10,000 square foot residential lots would back right up to the industrial zone.

"We need a transition from the light industrial zone to the light density housing area," he said, and suggested that an R-3 zone be inserted between the industrial zone and the R-1 residential.

"The Planning Commission has done a fine job," Kistinger said, "but it's not satisfactory."

He agreed with the planners that the area along Benson east of Cable Airport was a good one for industrial development.

Christensen stated that on May 1 the council was "up in arms" because someone asked for more studies.

"We referred it back to the Planning Commission and this resolution shows that they can make studies on their own without calling in outside help," Christensen stated. "I believe we should go into this deeper and should not have development just for development's sake. This is a huge undertaking and needs more time."

Hawkins said that each area under consideration would be zoned separately anyway and the Planning Commission resolution could be used as a guide. He moved for the change in the general plan.

It was voted down, 3-2, and postponed for further action until the next council meet.

The second split came when Kistinger made a motion to restrict the use of the Conditional Use Permit and apply it only in extreme cases.

Christensen said he believed that the CUP was a tool to be used to good advantage.

"Perhaps we're not using it right," he said, "but I'm against "blank check' zoning until we're sure of the development. The CUP can be used to advantage and I'm also against speculation."

Kistinger retorted that he was "for the man who can speculate."

"If he can raise the value of the property from $50,000 to $100,000, it's to our advantage as well," he said.

Kistinger said he favored giving people the opportunity to pursue developments and sought to eliminate the CUP, which puts a time limit on development, "every time something comes before the Planning Commission.

Hawkins told the council that wide open zoning leads to cheap commercial developments.

"I believe the Planning Commission could use more cooperation from the council rather than more instructions," he said.

"If our zoning ordinance is wrong or too broad in scope, let's amend it rather than continue using the Conditional Use Permit," Kistinger said.

A roll call vote on Kistinger's motion to restrict the use of the CUP produced its passage with Kistinger, Haldeman and Marriott voting for and Christensen and Hawkins voting against.

The hassle over the CUP developed as a result of Ivy Investments, Inc. of Beverly Hills seeking to establish a planned integrated shopping center in an A-1 zone at the northwest corner of Foothill and San Antonio.

Representing the firm, Hunter G. Penn told the council

'Gilbert Case' Letters Continue To Arrive; Arraign Marrs Friday

Letters seeking information on the death of evangelist Dr. Dan Gilbert continue to pour in to the News office.

Mail during the past few days brought letters from Pennsylvania, Arkansas, Oklahoma, Oregon, Kansas, Texas, Indiana and northern California. All ask for details of his murder.

One unsigned letter from a northern California city asked: "Is the press deliberately trying to smear Dr. Dan Gilbert by putting questions in the mind of the public? 'Mystery surrounds slain man's past' and, in a San Francisco paper, 'Love Triangle investigated.'"

The letter continued: "Evidently no love triangle was uncovered or it would have been told."

Bob Marrs, 42, of Pomona, is under indictment by the **County Grand Jury for Gilbert's murder. Marrs is scheduled to be arraigned in San Bernardino Superior Court, Friday, June 22. He is being held in county jail.**

At the indictment, Marrs accused Gilbert of "running around with my wife." He also said his wife is pregnant and that Gilbert knew the father's identity.

Marrs is accused of shooting the evangelist in the head with a .45 automatic in Gilbert's room at the Uplander Motor Hotel about 10 p.m., May 31.

According to testimony of 16-year-old Gregory Stilson, Gilbert's companion at the time of the shooting, Marrs forced his way into the room and objected to Gilbert's phoning Mrs. Marrs, who is a patient in the House of Hope, an alcoholic rehabilitation center in Salt Lake City.

Marrs told young Stilson to get into the bathroom and the lad reported that he heard muffled arguments and two shots. He came out of the bath and saw Gilbert slumped in a chair. Marrs had left the room, but was captured by the hotel manager and held until Upland Police arrived and took him into custody.

Mrs. Marrs had been employed by Gilbert in his Christ Truth Radio Crusade and mail order business in Upland.

Both Mrs. Marrs and Mrs. Gilbert had filed to divorce their husbands.

Little League 'Game of Year' Set Saturday

What probably might be termed the "game of the year" will be played at 5 p.m. Saturday, June 23, at the Foothill Little League baseball park at San Antonio and 24th St.

The two league - leading teams, Ideal Homes and Western Moulding, will clash for the third time this year.

With two-thirds of the season over, each of these teams has won every game except one—that against each other.

This third game probably will determine the manager of the All-Star team, for the team in first place July 2 determines the manager.

Clashing Saturday will be Ideal Homes pitcher Craig Kogut and Western Moulding's pitcher Dave Cardin. Both are considered among the best in the league.

One additional game is scheduled between the two league-leaders on July 14, the final day of the season.

In earlier games Saturday, Grove Theatre plays 7-Up at 1 p.m. and Woman's Club plays Ralph's Rascals at 3 p.m.

The public is invited to all three games. Plenty of free parking is available, the entire city park is available for youngsters to run around in, and there are a snack bar and other facilities available.

High School Staff To Conduct Own Training On Communism

Chaffey High School trustees decided Monday night to organize and present an in-service education program on the teaching of communism from within the present staff and will not hire an "outsider" to conduct the program.

Trustees also approved the tentative budget for 1962-63 school year at the top tax rate of $1.85 per $100 assessed valuation.

Expressing complete confidence in the Chaffey District staff, Board Chairman Benjamin Allen read a public statement which was adopted unanimously by the trustees as a motion. The statement said:

"The members of the Board of Trustees have reviewed for several months the request of the social studies teachers for an in-service education program designed to provide a broader understanding of the elements involved in teaching students about communism. Several names of individuals recommended as qualified to conduct such a program for teachers have been discussed and interviews have been held with two of those recommended.

"Based upon the unit on communism developed by the teachers and the resource material available, it is the opinion of the members of the Board of Trustees that an in-service program can best be organized and presented from within the staff itself. The Board of Trustees, therefore, directs the Superintendent to work with the social studies department chairmen of the three high schools to accomplish the following:

"1. To reconstruct the unit on "Teaching About Communism" to include in more detail the objectives of the unit, the items to be covered, and source materials to be used.

"2. To develop a plan for an in-service education program to be conducted in the beginning of the 1962-1963 school year and review the details of this plan with the Board of Trustees prior to its initiation."

Allen also told the board that "our staff members are most capable" and, under the supervision of the superintendent, can develop the details and sources for the in-service program.

Trustees had previously interviewed Dr. Henry Cord Meyer of Pomona College and Dr. Edwin Klotz of Chaffey College in the hopes of securing a consultant for the in-service training.

Another consideration given to the program was to send teachers to another school, outside the district, for training. Trustees, however, objected to this method and favored the in-service program.

In presenting the tentative for approval, Assistant Superintendent Edwin Hunt explained to trustees the reason for adding the additional one cent over the preliminary budget. Previously, the tax rate had been established at $1.84, but the tentative budget was approved at $1.85 rate.

The additional one-cent will boost the income approximately $15,600. Because of the huge enrollment for summer school, an additional $12,009 is needed for instructors.

Enrollment in the summer school program will be about 3,000 students, nearly 50 per cent of the total enrollment.

The Capital Outlay category was boosted approximately $3,300 for needed furniture for Upland and Chaffey High Schools.

Superintendent Allan Smith stressed that the great bulk of the increase in the budget has nothing to do with actual school operation expenses.

"The per student cost has remained the same for three years," Smith said. "Because of new legislation which caused the loss of revenue through the state, the higher tax rate is necessary."

Trustee Arnold Anderson expressed hope for a reduction in the tax rate next year.

"I believe the administration should do everything possible in preparing future budgets to make an attempt for a reduction in the tax next year," Arnold said.

Art Exhibit At St. Marks

An interesting exhibit of oil paintings is now on display at St. Mark's Parish Hall, F & Euclid, Upland.

The artist is Pauline Courtney of Fontana. Her background of study, which includes UCLA and the College of the Immaculate Heart, along with her national recognition and awards, have made her an artist of outstanding merit as is evident in this exhibit of twenty paintings, according to Mrs. Harriett White.

She is a member of the California Watercolor Society, the Print Council of America and a number of Art Associations. Her works have been exhibited throughout California.

In the East her paintings have been shown in New York, New Jersey, Pennsylvania, Massachusetts and Washington, D.C.; in the middle west in Kentucky, Illinois, Oklahoma and Colorado. A number of purchase prizes and awards have been earned by this artist.

Although at present residents of Fontana, the Courtney family is considering moving to the Ontario area, following the opening of the Courtney law offices here.

This exhibit will hang through July 14 and is sponsored by the Chaffey Community Art Association and the Rector and Vestry of St. Mark's Church.

Mr. and Mrs. Charles Olson

Howerton-Olson Wedding Performed In Pomona

Barbara Jean Howerton of Pomona became the bride of Charles Frank Olson of Upland at May 19 ceremonies in the First Baptist Church of Pomona. The double ring rites were performed by Dr. Ted B. Cole.

The bride is the daughter of Mrs. Eula M. Howerton, 2579 Kellogg Park Dr., Pomona, and the groom is the son of Rev. and Mrs. Joseph E. Olson, 1444 E. 13th St., Upland.

The bride chose a princess gown of Cahill chantilly lace with portrait neckline and elbow length sleeves accented with Swiss Guipure lace. Side panels of crystalline taffeta flowed into a chapel length train of chantilly lace over taffeta. The shoulder length veil was held with a crown of pearls and accented with scattered pearls.

She carried two white orchids with yellow centers, white stephanotis, roses and seed pearls on a white Bible. Her pearl necklace and earrings were a gift from the groom.

The bride was given in marriage by her uncle, Marvin C. Olson.

The Matron of Honor, Mrs. Jay Griffith of Cucamonga, wore a street length of aqua silk organza over taffeta and carried a colonial bouquet of baby yellow roses and carnations. Bridesmaids were Martha and Mary Olson. They were attired identical to the Matron of Honor and carried pink carnations.

A cousin of the bride, Sandra Olson of Norwalk, Calif. was the flower girl.

Standing as Best Man for the groom was Joseph E. Olson, Jr. of LaVerne. Ushers were Ron McDaniels of Pomona, Roger Howerton of Pomona, Steven Olson of Upland, and Phil Gattey of Pomona.

A reception followed the ceremony and the couple left on a two week wedding trip to British Columbia, Canada, and the World's Fair at Seattle.

The bride, a graduate of Pomona High School, attended Mt. San Antonio Junior College and is employed as a bookkeeper in Claremont.

The groom graduated from Upland High School and attended Chaffey Junior College and Biola Bible College. He is employed at General Dynamics in Pomona.

The newly weds are at home at 1101 E. Pasadena, Pomona.

Council --

(Continued from Page 1)

that he was advised by the Engineering Department to apply for a CUP rather than a zone change to C-4, which was desired.

Kistinger moved for the approval of the CUP for one year and the council granted the request unanimously.

The council also passed a motion to instruct the Planning Commission to initiate action for a C-4 zone at this corner.

A motion by Christensen to examine the processing procedure to shorten the time required to rezone property also gained council acceptance.

* * *

In the second reading of an ordinance to amend the zoning map for a 10-acre parcel at 7th and Mountain from R-1-D to C-4 on the application of Hebard Investment Co., Upland, Christensen presented his explanation of his minority position at the June 6 meeting. His explanation was:

"At the regular City Council Meeting of June 6th, 1962, a request for a zone change from R-1-D to C-4 listed as Request No. 102, was presented to the Council for the second time. It had been tabled at a previous meeting for the purpose of further study.

"Inasmuch as I first voted against, then at the June 6th meeting, voted in favor of the zone change, I wish to take this opportunity to explain my actions in this matter.

"It seems apparent to most real estate and land development people that the 40 acres at 7th and Mountain (which includes the 10 acres mentioned) was best suited for a major commercial development. It had been mentioned from reliable sources that a large retail firm was interested in developing the entire 40 acres. So my hope was that in the spirit of cooperation and in the best interest of Upland, we might arrange with all concerned to bring this to pass. However, after much investigation, discussion, and study, I was convinced this would not be possible at this time.

"Therefore, in view of the fact that the area in question was an area designated as potential highway commercial in our master plan and the other 3 corners were already zoned C-4, I felt it would be unfair to the applicant to refuse his request."

In other action, the council:

- approved the adoption of the Magnolia as the official city flower.
- reappointed Earl Hawthorne to the Planning Commission.
- accepted the low bid of Pioneer Chain Link Fence Co. for 2,250 linear feet of fence for the disposal sire enclosure at $1.21 per foot, a total of $2,722.50.
- appointed Jack Givens to permanent status as office Manager of the Water Department effective July 1 and John S. Fisher to permanent status as Equipment Mechanic in the Street Department.
- granted H.H. Bowers permission to install a sign at 388 E. Foothill.
- accepted a report from the City Manager showing the cost of the Weed Abatement program to date.
- set an adjourned meeting for a budget session for 7:30 p.m., Wednesday, June 20.

School News

First and Second Grade students in Mrs. Diane Reed's class climaxed their year's study with a circus, complete with striped awnings, clowns, fat ladies, elephants and trainers, sword swallowers, and popcorn and punch. The children showed their hobbies and literary accomplishments as well as presenting pantomines and a ballet dance. The entire production was created, staged and acted by the children, which is a tribute to their teacher, whose only job was to man the record player.

The traditional close of school swim party was held this year at the pool at the Mt. Baldy Lodge. Over 100 children and parents attended the event.

Kaiser, Steelworkers Agree On New Contracts

Negotiators representing Kaiser Steel and the United Steelworkers of America announced June 13 they had reached agreement on three new two-year contracts affecting some 7,000 employees.

The new agreements, to go into effect July 1, incorporate terms similar to those reached in earlier agreements between the union and 11 major steel companies back east. There are no provisions for wage increases at this time, but employees were granted significant gains in supplemental unemployment benefits, vacations, seniority provisions and pensions.

G. E. Balsley, Kaiser Steel Vice President in Charge of Industrial Relations, and Michael J. Soldren, the Steelworkers' Assistant District Director, District 38, said the new package, in line with agreements reached elsewhere in the industry, will cost the company approximately 10 cents an hour.

The contracts cover working agreements with approximately 6,500 members of USWA Production and Maintenance Local No. 2869, including railroad employees at the company's Eagle Mountain iron ore mine, and approximately 500 members of Clerical and Technical Local No. 3677.

Highlights of the contracts include provision for an increase in Supplemental Unemployment Benefits (SUB). Maximum weekly benefits paid by the company previously gave the employee $25 per week during the 26-week period he received State Unemployment Compensation, and $47.50 per week for the remainder of the year of unemployment.

The new agreement gives him maximum company benefits of $37.50 during the first 26-week period and $60 a week for the period thereafter, plus $1.50 each for a maximum of four dependents.

The company's contribution to the plan will be increased from 5 to 9¼ cents per hour and employees who become disabled by illness or accidents while on layoff will now receive full supplemental unemployment benefits.

Increases in regular vacation schedules will give employees with three to five years of service two weeks vacation, 10 to 15 years service, three weeks, and 25 years or more, four weeks.

In addition, a new Savings and Vacation Plan will allow employees to build up extra vacation credits which can be converted into actual vacation time, extra retirement pay, or cash for emergencies and other uses.

The plan is financed by company contributions of three cents an hour, with added money to come from any unused portion of the added four and one-half cents the company will pay into the Supplemental Unemployment Benefits Fund.

Form Youth Employment Service

A committee has formed a Youth Employment Service to serve this area in cooperation with the State Department of Employment.

Objectives of the committee are "to provide job placement for young people looking for part time after-school and vacation work.

"To provide employment counseling, testing and job placement services to young people leaving school to enter the labor market on a career basis.

"To initiate community awareness in youth employment activities among employers, parents, schools and organizations.

Officers of the committee are Jim Ferguson, chairman; Wilma Weston, secretary; John Calderas, objectives, and Jim Housel, Publicity.

There are over 7000 students in the high schools of the West End of San Bernardino County and most of these students would like to have either part time or full time working during the summer, according to the YES.

They will baby-sit, mow lawns, wash cars, dig potatoes, prune grape vines, sell clothes, cook dinners, or anything else anyone wants them to do. All they ask is the chance to be of service and come compensation for their work.

Little Theater Production Opens Friday

Upland-Ontario Productions will present "The Pleasure of His Company" written by Samuel Taylor with Cornelia Otis Skinner, June 22-23 at Montclair High School. Curtain time is 8:15 p.m.

The plot evolves around a long lost ex-husband who returns as an unexpected house-guest to attend his daughter's wedding.

Biddeford Poole played by Larry Jordan is a prodigal father, a role portrayed by Fred Astaire in the movie.

Biddeford Poole nicknamed Pogo literally dances through the play charming, tantalizing and subtly annoying his former wife and her present husband. The wife, a San Francisco socialite is played by Cleobelle Heiple. The present husband a serious attorney, steeped in tradition is played by Bob Paul.

Jessica, (Randi Hall) is the fun loving daughter about to marry a stuffy cattle rancher, Roger, (Ken Thornton) much to the consternation of her real father. Ron Miller takes the part of the peppery grandfather. The accommodating Oriental houseboy Toy is done by Ray Discoe.

According to Jim Ellis, director "The Pleasure of His Company" is ideal for this time of the year with its sophisticated banter, and its clever interpretation of today's society. All of the chaos of planning a wedding is there with an extra dash of zest furnished by Pogo Poole an eternal peter pan.

Larry Jordan was born and educated in Dublin, Ireland, and has been active in theater work since the age of 12. He was active with the Santa Ana Community layers for two years and directed the last O.U.P. production "All My Sons".

Cleobelle Heiple has been in "Torchbearers", "My Three Angels", "Career" and "Home for Christmas". She has also done radio work at New Mexico Highlands University and Iowa State Teachers College.

Randi Hall has last seen in "All My Sons". Bob Paul was previously seen in "Arsenic and Old Lace" and "Lo and Behold". Ken Thornton is a newcomer to the group.

Ron Miller has a varied background in the theater, he was on stage at Chaffey during his sophomore, junior and senior years. At Stanford University he did lighting sound effects and set design.

Miller was a KSV staff announcer. He was with the San Francisco Opera Company as a dancer and Corus; Ben Bard Players in Hollywood and with the Danny Kay Road Show group.

The back stage workers for the modern comedy are Marlene Bellot, assistant director; Peg Hagerty, producer; Jim Leon, stage manager; Gary Manning, set design; and Earl Olsen, John Michik and Frank DiCrasto, stage crew.

Hand Props will be done by Maxine Lentz and Ina Mae Downey; B.J. Whitten, stage props; Cathy Miller, costumes; John Nelson, posters; Dorothy Paul, publicity; Elenor Olsen, make-up; Genie Hart, box office; Jon Deitrick, tickets; Ann Stowell and Chuck Newton, programs.

Red Cross Offers Advice On Staying Alive in Water

For the millions of Americans who will take to the water this summer—a probable all-time high—the American Red Cross issued its annual advice on how to stay afloat and stay alive.

June heralds the start of the acquatic sports season in most parts of the country, and with the rapid multiplication of home-owned swimming pools, farm ponds, and motor-powered boats, the Red Cross estimated today that over 100 million Americans will use the water this summer for recreational purposes.

Safety hints for the coming summer are as follows:

1. Learn to swim. If you can swim a little, learn how to swim better. Local swim classes will be available at Montclair, Chino and Chaffey pools.

2. Always swim with a companion. Make sure someone is near to help if you get into trouble.

3. Swim in a safe place. The presence of lifeguards usually indicates the area is safe for swimming.

4. Know the area. Before diving, make sure the water is deep enough and that there are no hidden objects such as submerged rocks.

5. Respect the water and know your limitations. Don't go beyond safe limits or your swimming capacity.

6. Use discretion. Wait at least an hour after eating before swimming, and don't swim when overheated or overtired.

7. Try to remain calm in case of trouble. Assume a face-up floating position, keep your hands under water and slowly move your hands and feet.

8. If your boat overturns, stay with it. Most small craft will float, even when filled with water.

What will your life be like in the all-electric future?

Electrically produced ultrasonic waves will dry-clean your clothes instantly, right in your closet. You will make a cake or saw wood with cordless appliances...shop by two-way TV-telephone. These new ideas in modern living depend on electricity. And they are only the beginning of the wonderful things to come.

The electric industry, of course, continues to lead in the research to find new ways to use and produce electricity. And logically so. Electricity is our business.

WE HAVE ALREADY PRODUCED IT a number of new and different ways," involving the use of the fuel cells, nuclear energy, thermionic conversion and magnetohydrodynamics.

Whatever the source, electrical energy is limitless, and Southern California Edison will continue to bring you an abundant, dependable supply at the lowest possible rates.

Antimites Assume Pony League Lead

In spite of a tie game this week, the Antimite Associates Pony League team, managed by Don Taylor, backed into the League lead.

While the Antimites were held to a 3 to 3 tie by the upsurging Lucilles team, the Hartig Plumbing defeat of Rugg Lumber Company did the trick.

In the week's slate of games, John Baker's Lucilles Beauty Shop team and League-leading Antimites dueled to a 3 to 3 tie. This is the second meeting of the two teams and the second tie game for the season.

For Lucilles, pitcher Bill Gates gave up seven hits but kept them well scattered to hold back the League leaders. For Lucilles, Mike Hughes, Larry Hicks, and Gates got the only three hits. For Antimites, John Orzack was the hurler while Bob Dier, Dale Olsen, Jim Beadling, Drew McGinnis, and Orzack got the hits.

The big upset of the week occurred Monday night when the Hartig Plumbing team acted as spoilers and knocked off the high-flying Rugg Lumber team by an 8 to 0 score. With Tom Orr pitching two-hit ball and Hartig batters combing Bob Walton and Dean Harmon for ten hits, the Hartig boys could not be denied.

For Hartig Jerry Vogt stroked a timely homer while Chuck Recker, Russell Hunt, and Orr each connected with two hits and John Baker and Brad Burns each connected with singles. For Rugg, Tom Orum connected with the only two hits. Walton was the losing pitcher.

Hartig Plumbing completed the week by defeating the Rotary Club entrant 7 to 1. With Orr continuing his brilliant two-hit pitching and taking advantage of 7 Rotary miscues, the Plumbing Company team coasted to an easy win.

Russell Hunt continued to hit the ball hard, with a double and a single, while Peter Cheney, Bob Clem, Brad Burns, Jerry Vogt, and Orr each got hits. For the Upland Rotary Don Jensen and Bill Perry connected with hits while Sam Leon was the losing pitcher.

To complete the week's slate of games, the Elks Club tumbled deeper into the cellar by losing two games and leaving them with an 8 loss record. The Upland American Legion clobbered three Elk pitchers for a 14 to 7 victory.

With Greg Cosgrove pitching steady ball, Legion batters, led by Doug Wilson and Cosgrove, stroked 9 solid hits and capitalized on 5 Elk errors to pour across 12 runs in the 3rd and 4th innings. For the losers Mark Pisciteli connected with a homer and Mike Magruder contributed his part with three hits. Glen Campbell was the losing pitcher.

To complete the rout, the Elks succumbed to a one-hitter pitched by Lucille's Roger Baker and Gary Batchlor. The Lucille's Beauty Shop team climbed over four Elk pitchers to gain the victory. For Lucille's the heavy stickers were Mike Hughes with a homer and Chuck Prince and Gary Batchlor with two singles each. Jeff Naftel got the only hit for the Elks entrant.

With one game rained out and to be replayed in the near future, the Upland Pony League will be playing games each week day evening at 6 o'clock at Hawkins Field.

On Saturday the teams will tangle in a triple-header, the first game starting at 10 a.m.

The standings through Monday, June 18, are as follows:

	W	L	T
Antimite Assoc.	5	1	2
Rugg Lumber	6	2	-
Calloway Const.	5	2	-
Lucilles Beauty	4	2	2
Hartig Plumbing	5	4	-
American Legion	3	5	-
Upland Rotary	2	6	-
Elks Club	0	8	-

100F, Allura, Holland Are LL Winners

The IOOF National Little League Team bounced back from an 11-7 defeat at the hands of Allura Dairy to wallop Neva's Cafe 23-7.

IOOF dropped their game to Allura on June 14 although outhitting the winners 8-6. IOOF, however, made 8 errors which aided the winning team. Larson was the winning pitcher.

Neva's Cafe was swallowed up by Holland Paving on June 14 by a lop-sided score of 27-6. The Holland Paving lads tallied 22 hits to Neva's 2.

Katona slammed two homers for the winners while Morrison and Dumont each collected one round-tripper.

On June 18, Neva's Cafe was again smothered by IOOF, 23-7, on the pitching ability of Vargas. Martinez collected a double for the winners and Hernandez a two-bagger for the losers. Neva's used three pitchers.
